JOINT STATEMENT ON THE POSTPONEMENT OF THE 2019 ELECTIONS IN NIGERIA

We, the Heads of the international election observation missions and the United Nations present in Nigeria, have taken note of the decision of the Independent National Electoral Commission (INEC) to postpone the 2019 general elections due to logistical and operational challenges.

While we note that this decision has caused disappointment for many, we call on all Nigerians to continue to remain calm and supportive of the electoral process as INEC works to implement its new timeline.

We urge INEC to use this time to finalise all preparations and ensure that the new election dates are strictly adhered to. We encourage INEC to provide regular updates and information to the public on its preparations in the coming days and weeks to enhance confidence and trust in the process.

As we continue to closely observe preparations across the country, we stand in solidarity with the people of Nigeria in their desire for credible and peaceful elections.
